

# Directions to Walnut Creek Intermediate Gym

If you are heading West on Ygnacio Valley Road (towards I-680), cross Walnut Blvd. If you are heading East on Ygnacio Valley Road (away from I-680), make a u-turn at Walnut Blvd.

There is a driveway on the right directly after passing over the creek, but before going under the Iron Horse Trail overpass. After turning into the driveway, you should see the PG&E power plant. Follow the road down past the power plant and around the corner to the left until it dead ends into a small parking lot. This is the gym entrance!
